

## Rockford - Beloit Section

November 11, 2009

Teresa Beach-Shelow  
Superior Joining Technologies, Inc.

Dear Teresa,

On behalf of the Rockford-Beloit Section of SAE, I would like to thank you and the other members of your 'family' at Superior Joining Technologies for the informative and interesting tour of your facility Monday night, November 2, 2009.

Your facility is impressive in layout and technologies. Many attendees made notable comments about your micro welding and laser engraving capabilities. The cells were clean and well organized. The most effective display of SJTI's capabilities was the demonstration of your new, Trumpf, multi-axis, laser machining and welding center. It was truly enjoyable to watch it in action and learn more about the machine itself.

We appreciate all the preparations you made to host this tour and dinner. It was time well spent for all in attendance and I enjoyed working with you to coordinate this meeting.

Best Regards,

Lucas Greenlee  
Rockford-Beloit SAE Section Chairperson
